## Mathematical and Theoretical

### This is to certify that the article

The arrow of time in open quantum systems and dynamical  
breaking of the resonance–anti-resonance symmetry  
by **Gonzalo Ordóñez and Naomichi Hatano**

has been selected by the Editors of *Journal of Physics A: Mathematical and Theoretical*  
for inclusion in the exclusive ‘Highlights of 2017’ collection. Papers are chosen on the basis  
of referee endorsement, novelty and scientific impact.

**Rebecca Gillan**  
Executive Editor
